You can view all exchanged business cards here

Click "Contact" to start Online Chat

The screenshot shows a chat interface for a contact named 'kovar'. On the left is a dark sidebar with a list of chat items. The top item is highlighted with a red box and contains a red circle with the number '1' and the time '14:34'. Below it is another item with a red circle containing the number '3' and the time '14:29'. Other items in the list have times like '8:04', '2020-07-07', '2020-07-06', and '2020-07-02'. The main chat area on the right shows the contact name 'kovar' and the text '没有更多了' (No more messages). At the bottom of the chat area are icons for emojis, images, camera, gallery, and video call. A red arrow points from the highlighted messages in the sidebar to the explanatory text.

With Online Chat open, there will be a corresponding message for new messages, and the history will be left if the exhibitor is not online.

Thank you for your registration and upgrade!

After upgrade to buyer, you will be provided with the following benefits:

- 1、 Authorizing organizers to disseminate purchasing requirements to all or some exhibitors in real time;
- 2、 Authorized organizers send your e-card to all or some of the exhibitors;
- 3、 Access to a wide range of value-added services progressively introduced by organizers and platform providers.

All the above services meet the requirements of the Privacy Policy and related laws and regulations.
